

June 5, 2025-World Environment Day: TANJUN Associate LLP, was the invitee from India to the **FIRST Olympism365 Summit: Sport for a Better World** from 3 to 5 June 2025 at the IOC Headquarters in Lausanne, Switzerland.

The summit was opened by Mr. Thomas Bach IOC President and addressed by Dr. Tedros Adhanom Ghebreyesus Director General, World Health Organization, Remy Rioux CEO, Agence Française de Développement, Laura Chinchilla 46th President of Costa Rica and IOC Member, Glenn Micallef European Commissioner for Intergenerational Fairness, and Dr. Robert Golob Prime Minister of the Republic of Slovenia.

Tanjun's recent innovation of a **Bamboo Table Tennis table** found special mention during the inaugural session by Mz. Auvita Rapilla IOC Member and IOC Olympism365 Commission Chair. (<https://www.olympics.com/ioc/news/turning-the-tables-for-sustainable-development-in-india>)

Tanjun innovations also showcased at the summit were a **jute fibre badminton net** that has been handwoven by the school community at John Martyn Memorial School, Dehradun and numerous other community enterprise manufactured bamboo products.

## SPEAKERS

**Rekha Dey**  
Managing Partner, Tanjun Associate LLP

**Martino Miraglia**  
Coordinator, SDG Localization and Local Governments Team, Urban Practices Branch, Global Solutions Division

**Jon Wyatt OLY**  
Interim Senior Director

Tanjun was invited to speak at the Thematic session titled: **'Prioritising environmentally sustainable sport and development'**. Our Managing Partner **Mz. Rekha Dey** addressed the session along with distinguished co-panelists Martino Miraglia Head of UN-SDG Localization and Local Governments, UN Habitat, Jon Wyatt Sport and Sustainability Director, International Hockey Federation, Sam Barratt Chief of the Youth, Education and Advocacy Unit, United Nations Environment Programme, and Julie Duffus Head of Sustainability, IOC.

She shared Tanjun's multiple successes using the power of sport as a community aggregator, gender equaliser, health enhancer as well as a potent 360° solution provider for climate action and development goals to meet the critical UN SDG goals. She also shared a presentation about the numerous stories of change achieved through eco-responsible skill building and livelihood enhancement that Tanjun has, and is continuing to implement in India.

Tanjun has been diligently & passionately implementing **'Sport for Climate change & Development'** for nearly a decade, more recently by introducing the Olympism365 Enterprise model into remote village communities through the western Himalayan regions of India, promoting the use of Bamboo & Natural fibres to achieve both community enterprise model and climate action objectives.

The Olympism365 Summit brought together over 250 representatives from 100 organisations across the Olympic Movement, United Nations agencies, development and financing institutions, civil society, for-purpose business, safe sport community and IOC Young Leaders, working together to advance the UN Sustainable Development Goals (SDGs) through sport.

Tanjun is humbled and happy to be among these 250 key global stakeholders who are working towards Sport for a better World.
